

## Nursery for 3 to 4 year olds

During our OUTSTANDING Ofsted inspection in June 2008 they wrote

*"This nursery provides an outstanding quality of education for it's children."*

*"Consistently very good teaching, coupled with high quality resources and an outstanding curriculum, which is adapted to cater for the individual needs of children, ensures outstanding progress".*

For more information telephone the centre or come along and chat with our friendly, experienced staff about our excellent nursery facilities.

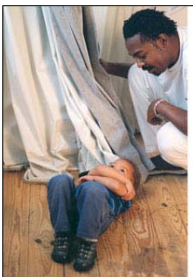

## Family Support

Alison and Nicky our friendly family support workers are available to talk to you about all aspects of parenting and family life.

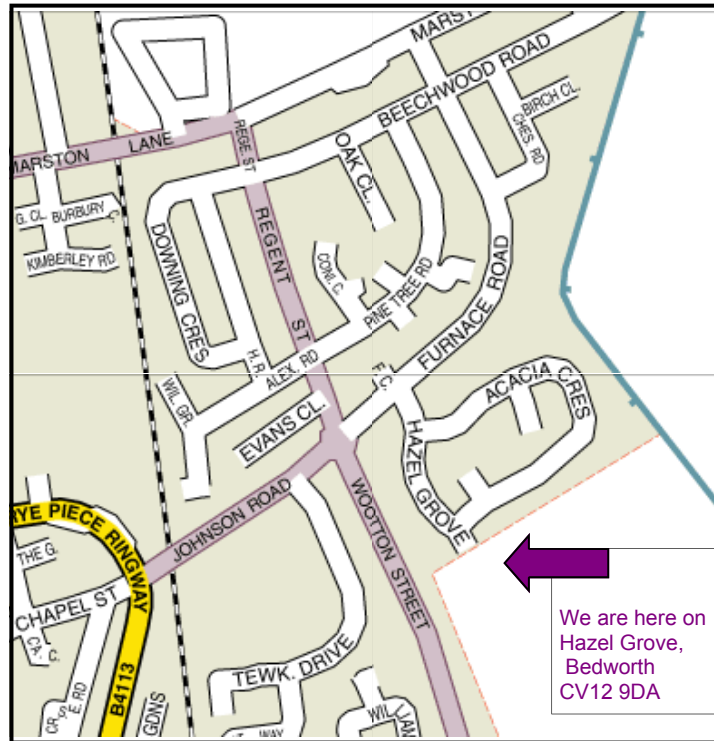

At the centre we offer a range of courses which offer support, throughout the year.

The Nurturing Programme is a popular 10 week group programme, offering a chance to reflect, share experiences, gain advice and support on parenting and family life.

Triple P (Positive, Parenting, Programme) is available on an individual basis. Sessions are offered on an appointment basis.

**A free crèche is available for children under 5 years during Family Support appointments and programmes where possible.**
